May 20, 1992

Mr. Edward B. King
President
Jumbo Mining Company
6305 Fern Spring Cove
Austin, Texas 78730

Dear Mr. King:

Re: Permit Amendment Review Status, Mizpah Pit and New Heap Leach Pad,
Drum Mine, M/027/007, Millard County, Utah

On March 30, 1992, the Division received your latest response to our January 14, 1992 technical deficiency review letter for this permit amendment to the Drum Mine. This letter is sent to notify you that we will not be able to complete our review of your latest response within the standard 30-day review period. Scheduling conflicts and permitting backlogs are the basis of this unforeseen delay.

We apologize for this delay and hope it will not cause any serious development or construction scheduling problems for you. We anticipate completing our review within the next 30 days. Thank you for your patience and understanding in this regard. Please contact me if you have questions or concerns with this review scheduling proposal.

Sincerely,

D. Wayne Hedberg
Permit Supervisor
Minerals Regulatory Program
